

Yosemite Fire Update August 2, 2014 as of 7:00AM El Portal Fire

General El Portal Fire Information

The El Portal Fire remains active in steep and remote terrain requiring dependence on TYPE 1 hand crews. As with any incident in Yosemite National Park, firefighter and public safety is our number one priority. We appreciate everyone's assistance with this priority.

- The fire is currently 4,689 acres and is 78% contained.
- Resources assigned include 1,341 Fire Personnel.
- As of August 1 at 3PM, the evacuation order for Foresta was lifted for residents.
- As of July 29 at 9AM, the evacuation order for Old El Portal was lifted for residents.
- As of July 27, a Type 1 Interagency Management Team, from Southern California, was given command of this fire. The fire is on both NPS lands and Stanislaus National Forest. Joint Unified Command has been established.
- On July 26, at approximately 3:15, the El Portal fire began in the community of El Portal.

Campgrounds & Roads Affected

- **Tioga Road is open and all of Highway 120 is open.**
- **All of Big Oak Flat Road is open.**
- Crane Flat Campground is closed due to the El Portal Fire.
- Yosemite Creek Campground is closed due to the Dark Hole Fire.
- Bridalveil Creek Campground is being used for fire operations and is therefore closed.
- Hodgdon Meadow Campground remains open.

Additional Fire Activity in Yosemite – all lightning started fires in designated Wilderness

- Dark Hole (727 acres, 39% contained) – managing for minimum impact to wilderness character and is being managed by the Type 1 Interagency Team.
- Mount Starr King (.5 acres) – smoldering and creeping
- Lambert (.25 acres) – smoldering and creeping
- Cathedral (.5 acres) – smoldering and creeping
- Elbow (2 acres) – smoldering and creeping
